INTELLIGENT ALUMINUM ALLOY JIB CRANE

- Max. load **500kg**, boom length up to **4 m**
- **360°** slewing, with optional travel limit stops and light manual operation. Can be combined with a folding jib to cover a fan-shaped work area for more precise material handling.
- Lighter aluminum alloy construction
Low self weight, smooth slewing, simple operation and high productivity.
- Easy to operate
The lightweight design makes handling more agile, ideal for high-frequency use.
