# FlexiCrane Mobile: 65 kg, 2 meters

## FlexiCrane Mobile – flexible mobile articulating jib crane

If you need a crane at several locations in your work area, **FlexiCrane Mobile** is the right choice. It has fork pockets and suits workshops with flexible processes and modular workstations. The unit is light, easy to use and can be moved with a manual pallet stacker.

## Specifications

- **Maximum capacity** 65 kg / 143 lbs
- **Reach** 2 meters / 6’7” (360° rotation)
- **Rotation** Unlimited
- **Weight** 450 kg / 992 lbs (excluding gripper)
- **Height** Customizable to requirements
- **Column base size** 149 cm / 5’
- **Color** Red (RAL 3020)
- **Sold separately** Column, Bal-Trol unit and gripper

## Quick setup

Insert the forks into the pockets and lift the crane.

Move it to the desired position and set it on the floor.

Connect a compressed air supply of about 7kg/cm².

**Done.** Ready to lift up to 65 kg.

## A flexible crane for any space

**FlexiCrane Mobile** fits both low and high ceilings, with adjustable height. Combined with grippers for sacks, gearboxes or pallets, it streamlines your lifting process.

Grippers share a common interface and can be changed quickly by a single operator. Ideal for a wide range of modern industrial environments.
