Rear-Hoist Articulating Arm Jib Crane 100kg-300kg

REAR-HOIST ARTICULATING ARM JIB CRANE

Rear Articulating Balancer Arm – Main Image

Máy Pa Lăng Tương Thích

Compatible Hoists

Up to 300kg load capacity, reach up to 4 m

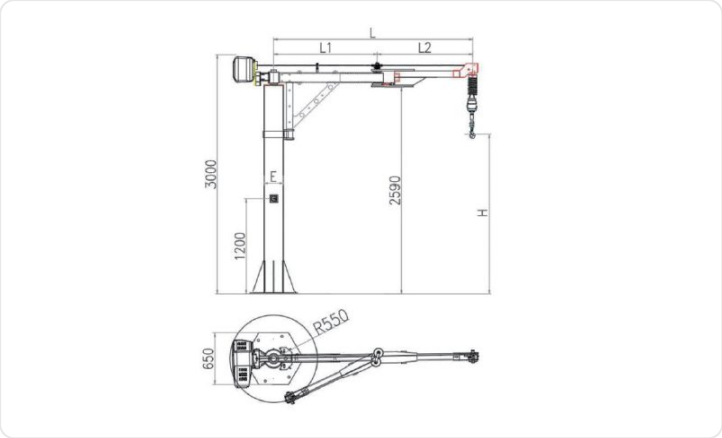

Rotates **360°**, accepts optional travel-limit stops and moves easily by hand. It can be combined with an articulating arm to cover a fan-shaped working area for more precise material handling.

Flexible, efficient material handling

A wider working range and greater flexibility let it move freely in tight spaces and reach any point in the work area, significantly improving handling efficiency and convenience.

Wide range of applications

Suitable for many industries, including but not limited to construction machinery, electronics manufacturing, machining and metalworking, and automotive parts.
